

Independent advice can save your school time and money!

Get our experts to prepare your 10-Year Plan Review

10-YEAR PROPERTY PROGRAMMES

The Ministry of Education requires schools to provide a 10-Year Property Plan in order to be accepted for the 5-Year Programme, and to receive property funding: CES has the specialist knowledge and expertise to undertake this work for your school.

Why use CES?

- Our plan reviews are approved, and accepted, by the Ministry of Education.
- CES is a school-owned Society: we understand the needs of professional educators, administrators and Board Trustees.
- We offer independent advice, and a client-focused service at competitive rates.

CES Property Reviews include:

- A scoping visit to your school to obtain information and discuss strategic direction with your school management team.
- A comprehensive on-site survey complete with photographic record.
- Information about your school's buildings, site, grant allocations and C.A.D. plans is sourced, and then correlated to the Ministry of Education database.

CES offers a choice of reporting methods:

- The Ministry of Education's standard property template.
- **UPlanit:** our advanced property-planning software system which we programme specifically for your school. Data automatically rolls-over at the end of each financial year, and comprehensive reports on school property can be output at the click of a mouse.
