FOR ART & CRAFT

NZACRYL

ACRYLIC PAINT

BRIGHT IDEAS...

A versatile, lightfast, water resistant art & craft paint.

Five Star NZACRYL Acrylic Paint has a smooth, buttery consistency with excellent mixing qualities and clarity of colour. NZACRYL is water resistant and fast drying making ideal for craft work, student art work and home activities. Non toxic.

DECORATED BOX

You will need:

- Papier mache or
- MDF box, photo frame, etc
- Five Star Acrylic Paints
- Small to medium soft paint brushes
- Design

Instructions:

- 1 Undercoat the box inside and outside (this seals the paper mache ready for the decorative painting).
- 2 Paint on the base colour of your choice and allow to dry thoroughly.
- 3 Now add your design using soft brushes. Allow to dry thoroughly. Stencils could be used on flat surfaces using a sponge application.
- 4 Add a thin coat of PVA or varnish for both gloss and protection.

Hint: With extra coats of paint, the box lids may be harder to close - to ease it rub an ordinary candle around the inside rim of the lid.

Lino printing with NZACRYL

You will need:

- Cartridge paper
- Five Star NZACRYL colours
- Lino roller (or small square of thick card (approx 3 cm sq))

Instructions:

- 1 Put colours out on a flat surface eg plastic plate.
- 2 Roll colours onto paper (or scrape with cardboard squares).
- 3 Allow to dry, then
 - (a) draw over with black felt tip,
 - (b) overprint with lino block,
 - (c) transfer print with leaves or ferns,
 - (d) stencil print over - as in the example - apply paint sparingly through the stencil with a sponge or stencil brush. Blot the stencil clean between each application. This method is also suitable for home décor for borders and decorative motifs,
 - (e) Use as book covering or gift wrap.

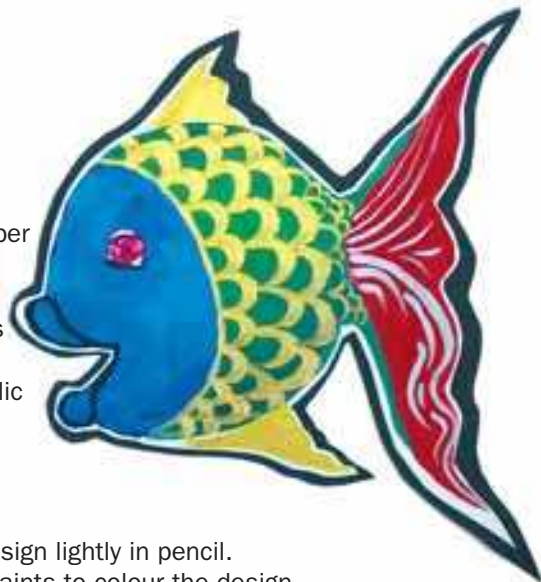

Using METALLIC colours

Five Star NZACRYL Metallic is an acrylic paint with a metallic brilliance. Great for special effects on art and craft projects. NZACRYL Metallics are ideal for artists and senior students. Non toxic.

BIG FISH

You will need:

- Cartridge paper or card
- Five Star Acrylic paints
- Five Star Acrylic Metallic paints
- Brushes

Instruction:

- 1 Draw your design lightly in pencil.
- 2 Use acrylic paints to colour the design. Allow to dry approx 1 hour. Wash brushes in water but don't add water to the paint.
- 3 Now you can add the metallic colours. Paint them over the standard acrylic for the full glistening metallic effects. Allow to dry, approx 1 hour.
- 4 Add further decoration with foil, tinsel, plastic, glass buttons.

Five Star Acrylic Paints and Acrylic Metallics are ideal for decorating papier mache, 3D work, models, masks and collage.
