

TRAINING

### Course Outline

CES has partnered with Metrotest to offer this one-day training course in safety inspection and testing of electrical equipment. This is an opportunity for your staff to achieve a Competency Certificate and save valuable funds for your school. The training gives hands-on experience using a PAT (Portable Appliance Tester), and testing and inspecting electrical equipment in accordance with AS/NZS3760. Also included is information on safety requirements, features and hazards of appliances. On passing the course all attendees will be issued with a photo ID, Competency Certificate and a training manual.

### About Metrotest

Metrotest operate a nationwide test and tag service and have been training people for competency in AS/NZS3760 since 1998. They participated in the writing of the Standard and were instrumental in making it user-friendly.
