

SPARK

STUDENT SEATING

FLEXIBLE SOLUTIONS FOR TODAY'S FLUID
LEARNING ENVIRONMENTS – DIFFERENT AGES,
DIFFERENT SPACES, DIFFERENT TASKS.

Available through:

SPARK

Ergonomics and endurance in educational seating.

Designed originally for the demanding US market, Spark is supportive, comfortable and made to last the distance.

The uniquely-shaped backrest allows a gentle flex movement, supporting students as they work.

Spark features a shell of heavy-duty polypropylene, with a textured non-slip finish. The metal frames are made of durable 22mm steel tube with a scratch-resistant finish. A comfortable carry handle allows for safe and easy movement by students.

Spark Seating is about flexible solutions – providing for different ages, different spaces, different tasks – for today's fluid learning environments.

10YR WARRANTY: FOR NORMAL EDUCATIONAL USE	140KG RECOMMENDED MAXIMUM USER WEIGHT	 GREENGUARD GOLD CERTIFIED*	*Product Certified for Low Chemical Emissions: UL.com/ GG UL2818
